

Medium Voltage Switchgears General Specifications

TERASAKI designs / manufactures / provides Medium Voltage Switchgear which meet the various environmental conditions for industrial, and they offer highly reliability, quality, safeness and user-friendliness.

Item	Standard Specifications
For Applicable Standards	IEC 62271-200 / JEM1425
For Ratings	
1: Rated Insulation Voltage	AC 3.6kV , 7.2kV , 12kV , 15kV
2: Rated Frequency	50Hz / 60Hz
3: Control Voltage	AC110V , DC100V
4: Bus-bar Current	630A , 1250A , 1600A , 2000A , 2500A, 3150A
5: Rated Short-time Current	Max. 50kA
For Constructions	
1: Degree of Protection	IP41 Indoor
2: Panel Construction	Metal-enclosed Switchger and Controlgear
